

# Your Cellular Therapy Resource

## CELLULAR THERAPY STANDARDS AND ACCREDITATION

Since 1996, AABB has been setting standards and accrediting cellular therapy facilities specializing in bone marrow, peripheral blood progenitor cells and umbilical cord blood services. A leader in the field, AABB Standards also includes novel therapies such as pancreatic islet cells.

## GRANTS IN CELLULAR THERAPY

Basic science research grants up to \$75,000 are available to cellular therapy professionals (*both domestic and international*). The submission **deadline is December 30, 2010**. For more information please visit [www.aabb.org](http://www.aabb.org) > *Programs and Services* > *National Blood Foundation* or email: [nbf@aabb.org](mailto:nbf@aabb.org).

## CELLULAR THERAPY PUBLICATIONS

To purchase cellular therapy publications, please visit our online bookstore at [www.aabb.org/marketplace](http://www.aabb.org/marketplace)

## CELLULAR THERAPY PROFESSIONAL DEVELOPMENT

AABB is the resource for educational and networking opportunities for cell therapy professionals. Some of the offerings include: Dedicated sessions at the upcoming Annual Meeting & CTTXPO, October 9-12, in Baltimore, Maryland; Year round distance learning opportunities geared towards cell therapy professional advancement, CE credits and more.
